# Chairman's message

Prof. Goutam Roy Chowdhury, Techno India Group's Founder and Chairman, started his career in the year 1983 with only 5 INR. He ventured into computer training and software development eventually leading to generation of Fund and development of this mega consortium with several educational campuses offering education from KG to PhD. With his expertise and intellectual he has added various accolades to Techno India Group in diversified fields.

“

Welcome to Techno India Group, an organization that takes pride in shaping aspirations and dreams and bringing them to fruition. Techno India Group is in the business of disseminating knowledge and skills required for the demanding economy of the twenty first century. Techno India is about creating a better tomorrow. This is our fundamental pledge and I seek your participation in this worthy goal. Please join us in our efforts to enrich lives in every possible way we can.

# Our Higher Education Institutes

Techno India Group has **numerous engineering colleges** under its wings. We believe that education is the expression of the excellence already present in humankind. The colleges under TIG endeavour for distinction by virtue of the excellent education imparted to the students, modern research infrastructure, modern technology-enabled teaching-learning tools, vigorous industry-driven curricula, outstanding laboratory facilities and other ample amenities. They have been **premier destinations for high quality education in the region**. Top ranking candidates from prestigious competitive entrance examinations have trusted these colleges over the decades. The courses offered by the colleges are **approved by All India Council for Technical Education (AICTE)** and the colleges are affiliated to Makaut (Maulana Abdul Kalam Azad University of Technology).

Thanks to its long-term and widely acclaimed quality impact, Techno India Group has been able to initiate several **autonomous universities** under its scope, through which the Group can also fully express its vision towards high-quality education, innovation, tech-enabled programs and responsible mindset.

# Our Industrial Training Institutes (ITIs)

Beyond high quality pedagogy and modern infrastructures in itself, Techno India Group further focuses on the bridge between its educational programmes and the subsequent **connection to the job market**. This focus on **vocational education** led Techno India Group to take on the leadership over **18 Industrial Training Institutes (ITIs)** spread across West Bengal, ensuring access to education in terms of both quality and geography. All ITIs are specifically **equipped for their affiliated trades and tightly connected to their respective industries** at the local and regional levels.

# Our Schools

Techno India is a place which provides **high-quality education from preschool to PhD**. All Techno India Group Public Schools (TIGPS) follow standardised syllabus while providing **innovative and holistic pedagogy** in response to today's fierce competition. The schools of Techno India Group have been shaped up and are guided by the **outstanding leadership of Co-Chairman Mrs Manoshi Roy Chowdhury**.

“

*I believe that proper upbringing through school education prepares students not only academically but also personally, socially, culturally and in several other wonderful ways to serve the nation. School education is just like a pillar of strength which supports and upholds the entire framework of society and is a primary constituent of the nation's foundation. As citizens of India, all sons and daughters of this soil have to come together and contribute to the development of the country as a whole. A group of good human beings begets a good society and a great nation where academics is a parameter to think in a disciplined manner.*

## Future-Proof Labs

Future-Proof Labs, inaugurated in May 2020, is yet another remarkable initiative by Techno India Group, conceptualized by the Group's visionary Chairman, Prof. Goutam RoyChowdhury. The Future-Proof Labs is an unconventional venture-building structure that enables Techno India Group to keep reinventing itself in the long run through open innovation. It hosts bright individuals and enable them to be intrapreneurs within Techno India Group while solving concrete issues from the industry through innovation. The Future-Proof Labs therefore acts as an enabler for converting the brightest ideas into reality, contributing to the entire ecosystem by producing outstanding entrepreneurs.

### ZOOM ON - Techno India Scholarships

Every year, one meritorious student gets the opportunity to claim the 'Bharat Ratna Shri Pranab Mukherjee Merit Scholarship', with a certificate issued by Bharat Ratna Shri Pranab Mukherjee. It enables deserving students to concentrate their knowledge and skills in Science and Technology without the worry of financial impediments. Tuition-Fee-Waivers and student loans are facilitated to enable meritorious students to pursue their dreams. We believe financial barriers should be no barriers at all and it has been our endeavor to nurture talent from grassroots so that the society can reap the benefits from our students.

From academic year 2020 onwards, Techno India Group has reinforced its scholarship policy and has pledged to offer hundreds of partial or full scholarships every year, based on merit and financial needs.
